CONSTRUCTION SUPPORT SERVICES

ABOUT US

MOSOMTEE GLOBAL RESOURCES LIMITED is an indigenous construction support services company.

We engage in roofing, windows, partitioning, cladding, hand rails, doors, kitchen and wardrobe.

MGR was formally registered in Nigeria in 2008 and fully incorporated in the same year.

It is a deliberate policy of MGR to establish and review its technical team with the required skills on how to stand out among others in its business objectives.

MGR is determined to create new perspectives in the construction services through innovative technology and collaborative approach as well as competitive technical and management services.

It is therefore our dream to establish for ourselves an enviable position as reliable and dynamic partner to builders so as to help them achieve their projects, to their taste, on time, within their budget and to suite their purpose.

Our mission is to serve our customers diligently by meeting and exceeding their desire for quality and value; a commitment to innovative techniques in relation to our services and products as well as attainment of the highest achievable standards in construction support services.

Our Strength includes:

Dedication of Excellence

Technical Skills and

Practical Experience

OUR SERVICES

We recognize the need for specialization in every field of endeavour in terms of scope, nature and resources intensity and availability.

In view of this, we have chosen to excel in construction support services listed below;
